

AUGUST 2018

Welcome to the 2018-2019 School Year!

Can you believe we are approaching the end of the third week of school already? It has been a busy month, and we all are looking forward to a very productive and successful year.

Thank you to everyone who has provided supplies for their children and the classrooms. We appreciate your consideration, and it makes a big difference in making our school the best it can be.

Students are linking to their current grade ST Math account. We provided some information about ST Math at Open House. Please work on ST Math at home to support growth at school!

At Open House, information about AR Home Connect was distributed. Please sign up for this service so you can monitor your child's progress in the Accelerated Reader program.

If you were able to attend the Meet the Teacher event or Open House (or both), thank you! Your involvement makes a difference, and it is important for children to know their families are a partner in their education.

Please take time to review safety information with students throughout the year. This is important for all students for their arrival and departure from school and for their time during the school day.

Again, welcome to the 2018-2019 school year! We aim to provide a meaningful and motivating environment that encourages the success of all students every day. Please take time to review school and classroom expectations with your child...they should be able to tell you a lot about what they do at school!

Thank you,

Mr. Blume and Mr. Nellis
